## **Pastor Search Update**

Pastor Search Update

The Pastor Search Team met with our search consultant, Tim Gocha at Vanderbloemen, this week to officially start the search process with them. The next couple of weeks will be very busy for the Search Team as we finalize a video about the church, get additional photographs to show what church life is like, and complete the Pastor Search Profile which includes a description of the church, the community, and some of the characteristics MCC is looking for in a pastor. Once these important items are all completed, the search will go fully live and candidates will start to be gathered.

It will be 4-5 weeks from the search going fully live until we start to see any candidates. The average search time is often 6 months, but as many of us can remember, it can be much longer. Although we all want the process to go quickly, we need to be aware it may take some time.

Please pray for Tim as he starts the logistics of the search process and pray for God to be preparing the heart of the pastor he is calling to come to Melrose Community Church. We also are giving thanks for the faithfulness God has shown to MCC over the past seven decades and for the grace he is showing to our church during this time of waiting.
