

A photograph of a space shuttle launch. The shuttle is at the top of the frame, ascending vertically. A bright, intense plume of fire and smoke trails behind it, extending down to the launch pad. The launch pad is partially visible at the bottom, surrounded by large, billowing clouds of white and grey smoke. The sky is a clear, pale blue. Overlaid on the image is the text "T-MINUS SEVEN" in a large, bold, black, sans-serif font with a white outline, centered horizontally and positioned in the upper half of the image.

T-MINUS SEVEN

“...I will visit their transgression with the rod, and their iniquity with stripes. But I will not break off My lovingkindness from him, nor deal falsely in My faithfulness. My covenant I will not violate, nor will I alter the utterance of My lips, Once I have sworn by My holiness; I will not lie to David. His descendants shall endure forever, and his throne as the sun before Me.”

Ps. 89:32-36

“For I do not want you, brethren, to be uninformed of this mystery, lest you be wise in your own estimation, that a partial hardening has happened to Israel until the fulness of the Gentiles has come in; and thus all Israel will be saved.”

Rom. 11:25

“From the standpoint of the gospel they are enemies for your sake, but from the standpoint of God’s choice, they are beloved for the sake of the fathers; for the gifts and the calling of God are irrevocable.”

Rom. 11:28-29

“He has remembered His covenant forever, the word which He commanded to a thousand generations, the covenant which He made with Abraham...to Israel as an everlasting covenant, saying, ‘To you I will give the land of Canaan as the portion of your inheritance.’” Ps. 105:8-11

1. ISRAEL'S KING ARRIVED. Vs. 25

“So you are to know and discern that from the issuing of a decree to restore and rebuild Jerusalem until Messiah the Prince there will be seven weeks and sixty-two weeks; it will be built again, with plaza and moat, even in times of distress.”

Daniel's prophecy:

$69 \times 7 = 483$ years

**$483 \times 360 = 173,880$ days between the decree and
Palm Sunday.**

**Our Calendar: The days between March 14th, 445 B.C.
And April 6th, 32 A.D. Equals 476 years and 24 days.**

$476 \times 365 + 24 = 173,764$

$119 + 173,764 = 173,883$

$173,883 - 3 = 173,880$

2. ISRAEL'S INTERLUDE. Vs. 26

“Then after the sixty-two weeks the Messiah will be cut off and have nothing, and the people of the prince who is to come will destroy the city and the sanctuary. And its end will come with a flood; even to the end there will be war; desolations are determined.” vs. 26

APPLICATION FOR ME:

A space shuttle is shown in the process of launching, ascending vertically against a clear, light blue sky. The shuttle is positioned at the top center of the frame, with a bright, intense plume of fire and white smoke trailing behind it. The plume transitions from a bright yellow-orange at the base to a white at the top. At the bottom of the frame, a large, billowing cloud of white smoke and steam rises from the launch pad, partially obscuring the base of the shuttle. The overall scene captures the powerful moment of liftoff.
